

The Integrated E-Learning Development (IED) Guide

Summary

*Prework.
Problem and Purpose

Business Goal & Needs Analysis

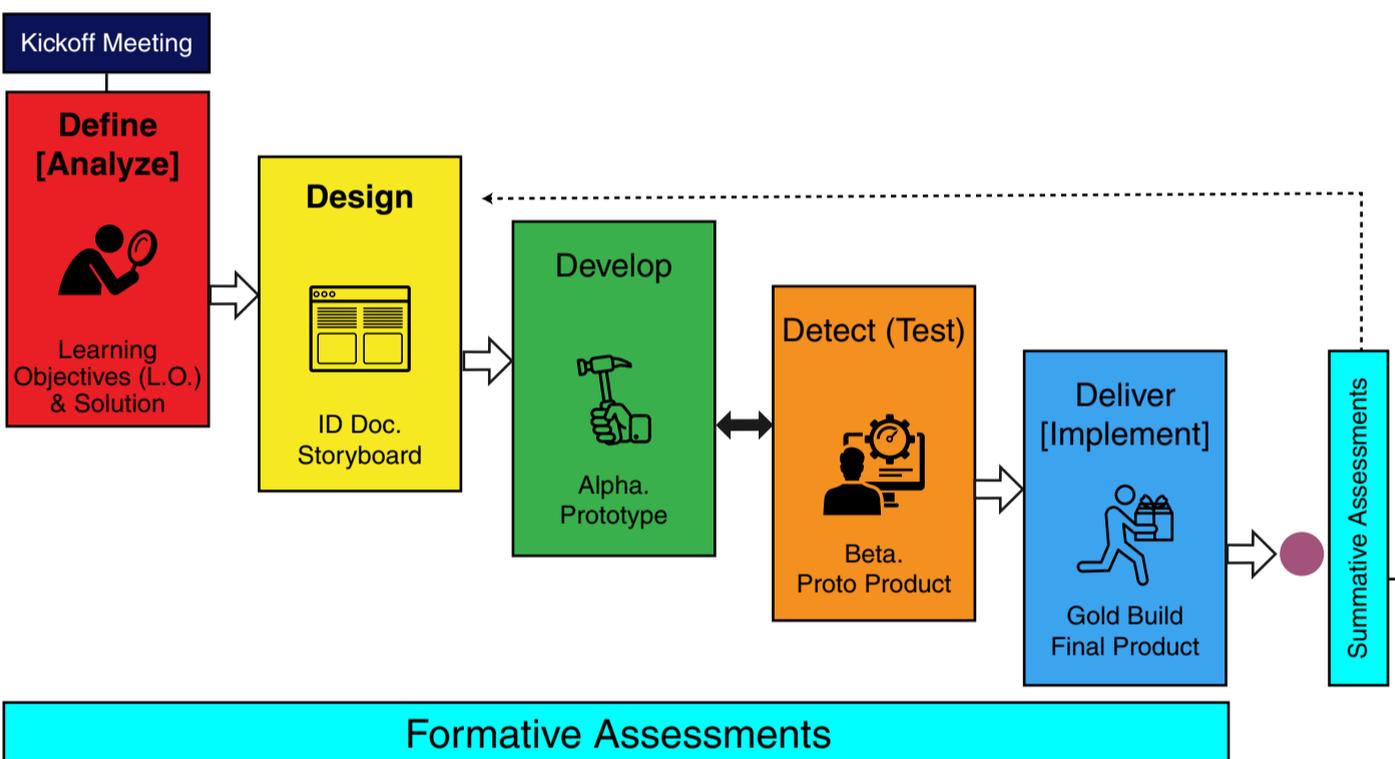

Potential Learning Experience Solution

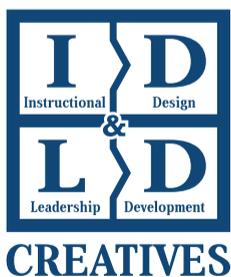

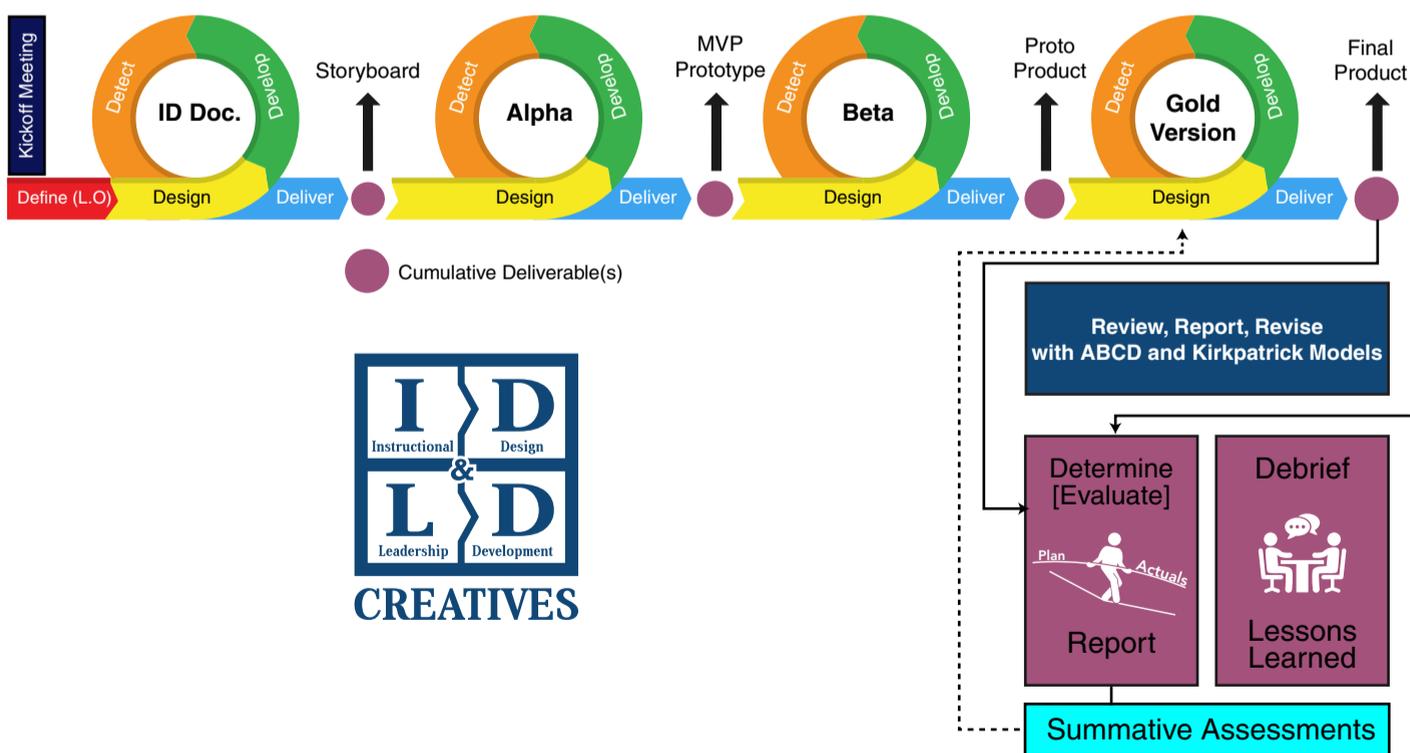

*Prework can also happen in the Kickoff meeting and the Define Phase below.
Fusion is a flexible mix of the lean, waterfall, and agile processes. It can be used with or without ADDIE [Frederick].

Plan, Lead, Organize, & Monitor (PLOM) the resources, processes, and constraints with the Fusion Project Management and ADDIE ID Methodologies

(Mostly) Waterfall Approach

(Mostly) Agile Approach

Guide the Eclectic Product Development (EPD) Life Cycle © along with Bloom's Taxonomy, UX Design, Design Thinking, Creativity, Adult Learning Theory, Research, and Industry Principles (e.g. Gagne, Merrill, etc.)

Lean
